Implementation phases

01
Cast the concrete and prepare the base material appropriate to the pedestrian traffic

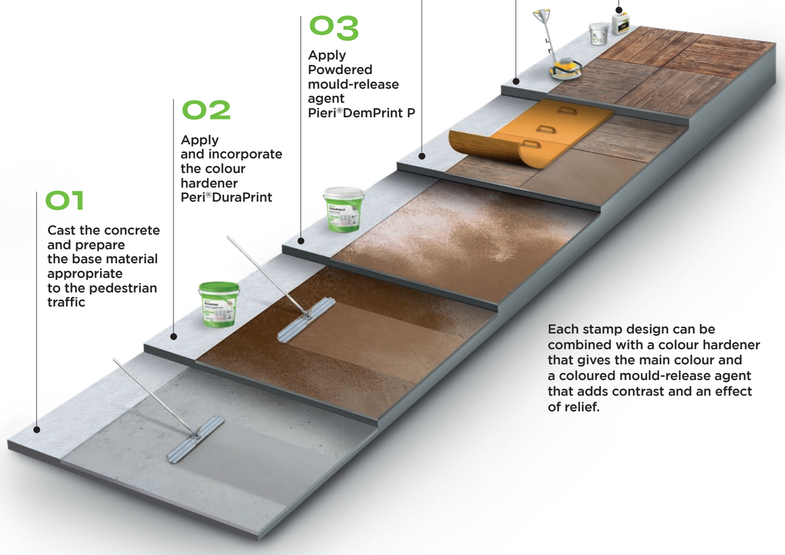

02
Apply and incorporate the colour hardener Peri®DuraPrint

03
Apply Powdered mould-release agent Pieri®DemPrint P

04
Lay the stamps

05
Clean with the mono brush machine

06
Apply the relief enhancer Pieri®Relief and a protective sealer adapted to the pedestrian traffic

Each stamp design can be combined with a colour hardener that gives the main colour and a coloured mould-release agent that adds contrast and an effect of relief.
